- Conservation Center
- Contact Barn

AUSTRALIA

Come eye-to-eye with an emu as you walk with the wallabies through this exhibit.
 10am - 4:30pm, weekends May and October
 10am - 4:30pm, daily Memorial Day through September

See on map for entry and exit. Aussie animals can also be viewed from viewing stations outside the exhibit.

Aviary will be open 11am - 4pm (weather dependent) when the Australia Walk-About is open.

The Zoo is committed to providing you with an outstanding experience while also providing the best care for the animals and their habitats. Periodic exhibit maintenance or animal management needs may prevent you from viewing all the animals during your visit.
